

ui.display_widgets.CRWidget.refresh

ui.display_widgets.LCDWidget.refresh

ui.display_widgets.TFTWidget.refresh

ui.display_widgets.LCDWidget.
_recalc_size

```
graph LR; A[ui.display_widgets.CRWidget.refresh] --> D[ui.display_widgets.LCDWidget._recalc_size]; B[ui.display_widgets.LCDWidget.refresh] --> D; C[ui.display_widgets.TFTWidget.refresh] --> D;
```

The diagram illustrates a dependency or inheritance relationship. On the left, three white rectangular boxes with black borders contain the following text: 'ui.display_widgets.CRWidget.refresh', 'ui.display_widgets.LCDWidget.refresh', and 'ui.display_widgets.TFTWidget.refresh'. On the right, a gray rectangular box with a black border contains the text 'ui.display_widgets.LCDWidget._recalc_size'. Three blue arrows originate from the right side of each white box and point towards the left side of the gray box, indicating that the refresh methods of the CRWidget, LCDWidget, and TFTWidget all depend on or call the _recalc_size method of the LCDWidget.
