

closeEvent

```
graph LR; A[closeEvent] --> B[_disconnect_device]
```

A diagram showing a call from the `closeEvent` function to the `_disconnect_device` function. The `closeEvent` box is white with a black border, and the `_disconnect_device` box is gray with a black border. A blue arrow points from the right side of the `closeEvent` box to the left side of the `_disconnect_device` box.

_disconnect_device
