

`_on_item_double_clicked`

```
graph LR; A[_on_item_double_clicked] --> B[_open_device_window]
```

A diagram showing a call from the function `_on_item_double_clicked` to the function `_open_device_window`. The first function is in a gray box, and the second is in a white box, connected by a blue arrow.

`_open_device_window`
